

INVITATION: 13 October 2026, 13:30 - 17:30, Green Village Nieuwegein (NL)

Member event - EUDR implementation update 2026

The EU Deforestation Regulation (EUDR) is reshaping the way companies source, trade and place commodities on the EU market. As implementation progresses, businesses continue to face practical questions regarding compliance, due diligence and data quality.

MVO - the Netherlands Oils and Fats Industry, The Dutch Grain and Feed Trade Association (Het Comité), The Netherlands Oils, Fats and Oilseeds Trade Association (NOFOTA) and The Dutch Feed Industry Association (Nevedi) are once again joining forces to organise an in-person EUDR member event on 13 October 2026.

The programme will provide the latest updates on EUDR implementation and feature presentations by representatives from the Dutch Ministry of Agriculture, Fisheries, Food Security and Nature, the Netherlands Food and Consumer Product Safety Authority, and companies that have gained practical experience through EUDR implementation and industry pilot initiatives.

As with our previous seminars on this topic, there will be ample opportunity to ask questions, exchange experiences and discuss practical challenges with representatives from the authorities and fellow business participants.

Programme

13:30	Registration with coffee and tea
14:00	Welcome
14:10	Update on the implementation of the EU Regulation and the process <i>Representative of The Ministry of Agriculture, Fisheries, Food Security and Nature</i>
